

We currently offer 2D/3D CAD, Revit, and CADmep content for most of the Gruvlok catalog on our website at <https://bim-catalog.asc-es.com/>, along with many other ASC products.

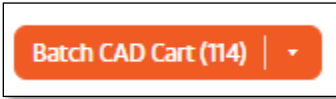

- The user can either drill down through the product lines or utilize the powerful Search Tool.
- Select the desired Figure Number
- Select the drop-down to view more items if there are more than 25 results.

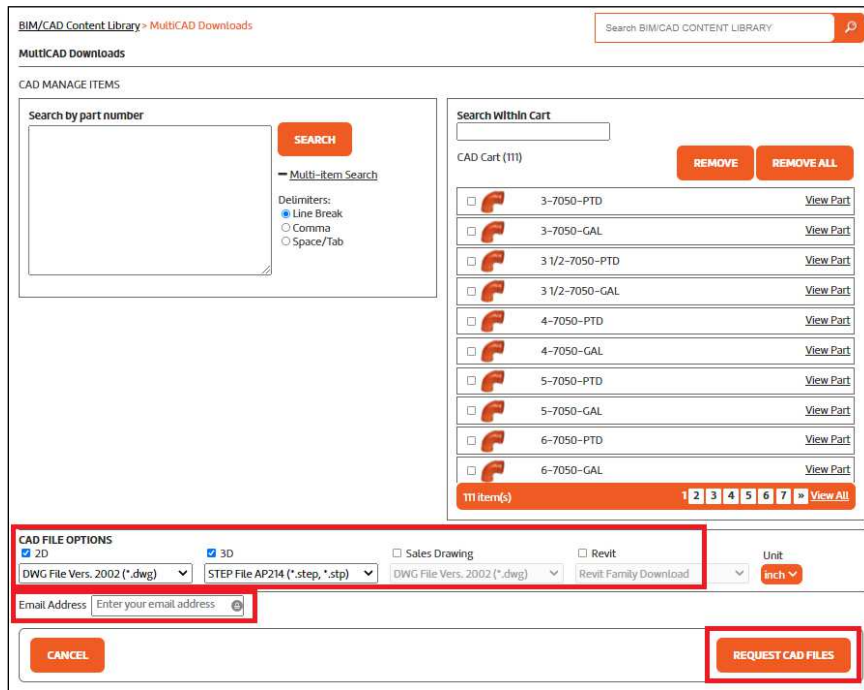

- Click the **Checkbox** in the upper left of the items to select all of the items for that Figure Number.
- Click **ADD TO CAD CART**

- They will need to build their cart with all the content they want.
- When ready, the user should select the **Batch CAD Cart**

- The user will get a list of everything they selected and the ability to choose multiple 2D/3D file formats by utilizing the drop-downs.
- The user needs to enter a valid email address.
- Click the **REQUEST CAD FILES** to receive an email with a link to a zip file with all of the desired files included.

Thank you,
 If you have any questions, please contact BIM@ASC-ES.COM.
